OBJECTIVE

Seeking to leverage strong tech stack, problem-solving, and communication skills to contribute to meaningful work in software development. Committed to advancing my skillset and revolutionizing industry standards.

EDUCATION

College of the North Atlantic, 2023
Enterprise Web Development Diploma
GPA: 4.0/4.0 | Honour Society

PROFESSIONAL EXPERIENCE

Web Developer – Town of Norris Arm 2023

- Used development cycle to propose, design, and build a municipal website for the client – norrisarm.ca
- Used best practices, web accessibility, and security to create a functional, safe, responsive and user-friendly website
- Oversaw project management to work within a budget and plan all logistics to meet client needs.
- Ensured smooth website functionality, troubleshooting and resolving technical issues independently.

Graphic Designer – Morgan Printing 2021-2023

- Created design templates using **Figma** and **Adobe Creative Cloud**
- Developed a website using **HTML**, **CSS**, and **JS**, to introduce a web presence and future-proof the business
- Managed client requests and oversaw production of graphic design and digital projects

Video Technician, Graphic Designer, Web Developer – Event 3Sixty 2017-2019

- Implemented **social media marketing** for NOIA conference to increase visibility of oil and gas industry in St. John's
- Oversaw **front-end web development** using **WordPress** to compete with industry standards for AV and event companies
- Used **Adobe Creative Cloud** to produce industry-leading marketing graphic and video material for clients.

Photographer – King's Photography 2012-2016

- Spearheaded introduction of video package options available to clients
- Oversaw the operation of video and photo editing suite using **Adobe Creative Cloud**
- Implemented production standards, resulting in consumer choice award for the business

Lead Summer Camp Manager – Lester's Farm Chalet 2016-2017

- Hired, managed, and oversaw operations of a staff of 8-10 counsellors
- Responsible for logistics and time management of operation schedules and camp infrastructure
- Marketed the camp through the Farm's website and implemented **e-commerce** option for registration

Videographer, Website Content Coordinator for Kraft Hockeyville – NHL.com 2011

- Worked with the entire production team of the NHL to create cohesive content
- Used **backend infrastructure** and **databases** to upload and manage web content on the fly
- Used **Adobe Creative Cloud** to edit and produce video content for the **web**
